

Jazzit Fundamentals – November 24, 2023 update

The modules listed below are dated **November 24, 2023** in your Resource Centre **JZUPDATE** RC update control.

**Remember that Jazzit Fundamentals updates are cumulative.** Updating to this release will include all features and functionality from prior releases, together with any corrections made to the templates.

**This will be the final update available in CaseWare 2022 format, the resources available on the support page will be converted up to CaseWare 2023 before the end of this year, so CaseWare 2023 will be required for the next Resource Centre update.**

## CORRECTIONS AND ENHANCEMENTS

---

The following corrections and enhancements were made:

### CL CLIENT ENCLOSURE LETTER

- ✓ Revised calculation for total instalments paid in the “Instalments paid” column (column 2) of the table in the “Provincial tax instalments required” section.

### I1 CLIENT INVOICE

- ✓ Resolved an issue causing the GST/HST wording used in the invoice total to skip (remain blank).

### IS2 9 COLUMN INCOME STATEMENT

Revised calculation for selection of bolding column.

### JZEL ENGAGEMENT LETTER

- ✓ Corrected an issue that was causing the opening paragraph of the engagement report to not present the names of all the currently active statement pages.

### KH DUE TO / FROM RELATED PARTIES NOTES

- ✓ Resolved issue preventing the word “parties”, in the closing paragraph of the Related Party Transactions section from switching to “party”, when the note heading is switched from “Due To Related Parties” to “Due to Related Party”.

### RP ENGAGEMENT REPORT

- ✓ Corrected an issue that was causing the opening paragraph of the engagement report to not present the names of all the currently active statement pages.
